

# Instructions for “Sitting the Show”

1. Walk around the show and make sure everything looks ok. Straighten pieces if they are crooked, etc.
2. You are welcome to work on your own art while “sitting” but please clean up after yourself. There are paper towels near the elevators if you need them.
3. Answer any questions guests might have as best you can. Please note there are signs around the show telling viewers how to purchase a piece of art.
4. Wear a mask at all times, except when eating or drinking.
5. If guests are not wearing masks while viewing the show kindly ask them to mask-up. If there is a problem please let the security person know about it.
6. Remember we are guests of the Dulles State Office Building and we have spent time developing a relationship with workers. The workers are very accommodating so if you need something, ask.
